## ABOUT ME

I am a UI/UX and Communication Designer. My passions include creating beautiful and accessible applications, researching the latest and greatest coding practices, frameworks, and design libraries, and developing workflows that allow developers do what they do best: code. Please visit my website <http://mostlyepic.com> to view my portfolio.

## WORK EXPERIENCE

### FREELANCE WEB DEVELOPER & DESIGNER

2018-Present

Contract UI & prototyping for companies including Mirah, Minuteman LLC, and Way to LEAD. Designed, created, and actively maintain website for Stone Lantern Games.

### MOSTLY EPIC LLC, CO-FOUNDER & VP CREATIVE TECH

2015-2017

Co-Founded Mostly Epic. Designed, developed and marketed mobile applications. Researched and created build tools and workflows.

### VECNA TECHNOLOGIES INC, FRONTEND DEVELOPER

2013-2015

Worked in conjunction with Vecna's Software Engineering Department and Humanist Design Studio to bridge the gap between the boundaries of the classic "design" and "engineering" spaces.

### VECNA TECHNOLOGIES INC, WEB DEVELOPER

2013-2014

Designed, developed and maintained Vecna's marketing website, powered by WordPress. Work included creating a responsive theme that is accessible and fully 508 compliant, running monthly analytic reports, and supporting marketing and lead generation campaigns.

### BLUE BLAZER TECHNOLOGIES LLC, CO-FOUNDER & VP

2009-2013

Designed, tested, and implemented user interfaces for mobile applications. Customer facing marketing and sales.

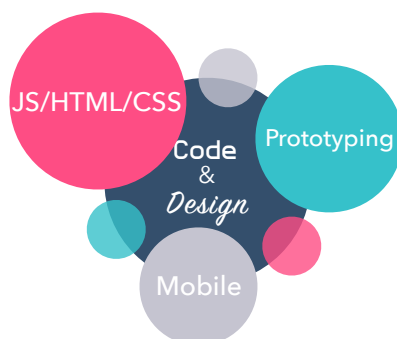

## EDUCATION

### UNIVERSITY OF NEW HAMPSHIRE, BACHELOR OF ARTS

2003-2007

Majored in Communication with a specialty in Rhetoric and Mass Communication.
